Micompro Releases PartsHandler Revision 10.2

London, ON, October 11, 2007 - - For Immediate Release

Micompro Ltd. is pleased to announce the release and installation of PartsHandler Revision 10.2. The latest release of PartsHandler is now running live, and is available for general release to our customer base. Micompro would like to offer this release to all of our customers. Upgrading to the latest release will allow you to use new features of the PartsHandler.

“Achieving this milestone was a high priority for us,” said David Geoffrey, President of Micompro. “By installing this software it allows Micompro to serve our customers better, and to develop and release software in the future.”

In the weeks ahead Micompro will be contacting you to schedule the installation of this new software on your server.

Micompro is a Software Developer, established in 1990, specializing in the Distribution Industry with customers across Canada and the United States with the majority of customers in the automotive distribution after market.
