Micompro Expands Team

London, ON, May 1, 2007 - - For Immediate Release

Micompro Ltd. is pleased to announce the hiring of Darcy Kahle as Linux and networking technical specialist, effective May 1, 2007. He will provide technical support and programming for the company with special emphasis in web-based program initiatives and the development and support of the Parts Handler Program.

“Meeting and exceeding our customer needs is our main priority,” said David Geoffrey, President of Micompro. “By adding to our team we are better positioned to offer greater support in all areas and in particular to further develop the functionality of the Parts Handler product.”

Mr. Kahle comes to Micompro with a strong background in Linux, network administration and web-based product programming and design.

Micompro is a Software Developer, established in 1990, specializing in the Distribution Industry with customers across Canada and the United States with the majority of customers in the automotive distribution after market.
